

# CIP 4: Hutson Drive - Jordan Road to Cooper Spur Road

**Project Cost: \$1,740,000**

**Project Priority: Low**

## Project Description

Approximately 4,000 ft of 8-in water line will be installed on Hutson Drive between Cooper Spur Road and Jordan Road to replace the existing 4-in water line. The upsized water line will improve the supply of water to the Upper and Upper Hood Pressure Zones, providing redundancy and improved fire flows to the southern part of the District.
